

Working effectively in SIEFs & Consortia

1 day workshop held at Lancaster University

The Centre for Chemicals Management is hosting its second SIEF workshop. The workshop combines excellent content and an interactive focus with expert delivery from legal and chemical industry practitioners involved in SIEF leadership.

The workshop provides a balanced overview of the legal responsibilities and the practical issues involved in the management of your SIEF and consortia activities. **Topics include:**

- What to expect from an operational SIEF - how to prepare, requests you may face, what to negotiate
- Cost sharing, data sharing and data evaluation and valuation mechanisms
- 'Must-have' clauses in SIEF agreements

- Obligations of lead registrant, secondary registrant, SIEF facilitator, OR, DU, data holder/seller
- Workshops to give you a picture of your role in the SIEF
- Competition law and confidentiality – practical do's and don'ts, risks to confidentiality, how to protect business information

Cost: £375 per person

Dates for 2009:

Thursday 5th March

Thursday 4th June

Contact: Mark Cooling: m.cooling@lancaster.ac.uk or 01524 510298
